Summary

I'm a detail-oriented, analytical, and self-motivated frontend developer with a lot of experience creating user-facing applications. An efficient and knowledgeable coder with expertise in HTML, CSS, Tailwind, Bootstrap, ReactJS, and JavaScript. A coordinated and collaborative team player with attention to detail, technical writing skills, knowledge of Figma, and the ability to contribute to code base improvement initiatives and UX improvement projects

Experience

Freelance | Frontend Development

December 2023 - Present

- Build responsive websites and mobile-first applications using HTML, CSS, and JavaScript.
- Work with clients to understand their needs, goals, and objectives for their website or application.
- Develop custom web applications using ReactJS framework and Tailwind css.
- Conduct website audits to identify areas for improvement in website design or functionality.
- Troubleshoot issues that arise during development or after launch.

Digital Marketer | Foodgital

January 2021 - June 2023 / Abuja, Nigeria
